I.E.S. Indexes

This pamphlet contains complete multientry indexes covering the entire text of the twelve issues of ILLUMINATING ENGINEERING for the calendar year of 1950. For convenience of use it is organized as follows:

1. Technical General.

(a) Technical subjects of all papers, discussion, data sheets, reports and general articles.

(b) Author index.

2. Telecast—Lighting News of Current Interest.

(a) Subject index.

(b) Biographical index.

3. Personnel.

(a) Personnel listing of 1949-1950 and 1950-1951 national and local officers, committees, official representatives to other organizations, local representatives.

Page Allocation by Issues

January	1-76	July	415-478
February	77-148	August	479-536
March	149-210	September	537-602
April	211-274	October	603-670
May	275-336	November	671-732
June	337-414	December	733-796

1. TECHNICAL–GENERAL
